

THE COALVILLE TIMES.

THE PEOPLE'S ADVERTISER.

DEVOTED TO THE INTERESTS OF SUMMIT COUNTY.

JOHN WORK NEATLY EXECUTED

Vol. IX.

COALVILLE, SUMMIT COUNTY, UTAH, SEPTEMBER 26, 1902.

No. 38.

It looks like the two political parties in Summit county are in no hurry to hold their county conventions to nominate candidates for county officers. The Republicans are waiting for the Democrats and vice versa. Hurry the matter along, as it is always best to give the people a chance to find out something about candidates before election day; they can then tell better who they will vote for.

People who have been saving up their odd dollars the past few months to take down to Salt Lake at conference time to take advantage of the "bargains" that are offered there, had better spend their money with our merchants at home where they can get better goods for less money than they can in Salt Lake during conference time. Goods that can not be sold in Salt Lake are offered as "bargains" at high prices to conference visitors.

The Record last week in telling of a visit to Park City of Claim Agent McCracken said that the gentleman called on Judge Shields, and after talking over some business matters, the county seat removal was discussed, the Record adding that it was safe to say that the U. P. would not favor Coalville in the event of removal. It seems rather childish to assume the Union Pacific of being in favor of a proposition that would take away from them a great deal of passenger travel and make them pay thousands of dollars in increased taxes, which will be the case if the county seat goes to the Park. The Rio Grande would get all of the passenger traffic during court sessions.

Our contemporary in the north end of the county says "it will be in the interest of economy to have the county seat located in Park City." They failed to say whether the economical benefit was attached to the removal of the people of the county or be limited to a few of the citizens of Park City. They certainly cannot think that it would be economical for the masses of the citizens to have their taxes doubled or have the county bonded for \$50,000 to build a new court house, when they already have a building that meets the present wants of the county—a building more convenient for the purpose than eight-tenths of the court houses in the state. They must not think that because a few citizens of Park City will be benefited in an economical point of view, that the majority of the people in Park City and throughout the county will vote upon themselves such a burden of taxation simply to gratify that few. NOT MUCH! Again, in a recent issue that paper gave a table of statistics showing that the taxable property in the south end of the county, including the mines in the Park, exceeds that in the north end of the county. Even if the taxable property of Park City alone was ten times greater than all the rest of the county combined, and the population of Park City outnumbered all the rest of the county ten to one, it would be no good reason why the county seat should be removed from its central location to a larger commercial town on the extreme border of the county. The people in a number of large commercial cities, whose wealth and population was from twenty to one hundred times greater than that of the state capital, wanted to have the capital removed to those great wealthy cities, but from the fact that the state capitals were centrally located, and the wealthy and populous cities were on the extreme borders of the state, the people voted down the proposition of removal. And so it will be in the county seat fight of this county; the majority of the people will cast their ballots to keep the county seat just where it is, and thus keep from their shoulders a heavy tax for many years.

ANOTHER PIONEER GONE.

Mrs. Mary Hayes of Spring Hollow, died at her home.

The angel of death has again visited our community, and taken away one of the pioneers, this time in the person of Mrs. Mary Hayes, who died Tuesday morning at 5 o'clock at the home of her son, Alfred Hayes, in Spring Hollow.

The lady was attacked some two weeks ago with a paralytic stroke and died from that cause, at the age of eighty years.

Mary Hayes was born at Birchwood, Derbyshire, England, May 24, 1822, and came to this country about twenty-four years ago, settling in Coalville, where she made her home up to the time of her death. She was a good woman, a faithful Latter-day Saint, and was always ready to assist in doing good to others. Deceased leaves to mourn her loss two sons and one daughter, thirty-seven grand children, and twenty-one great-grand children, besides many dear friends. She was the mother of four sons and one daughter, two sons having died some years ago.

The funeral was held yesterday afternoon from the East Coalville meeting house.

A Certain Cure for Dysentery and Diarrhoea.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of Albany New York, "and was taken suddenly with diarrhoea, and was about to give up the trip, when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and once on the route. I made the trip successfully and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy and this time one dose cured me." Sold by John Boyden & Son Druggists.

OF INTEREST TO THIS WEEK END.

It is perfectly understood by every sick man or woman that if they can get a remedy that will stop the gradual loss of flesh and strength, their recovery is assured. People that are nervous and unsteady, have dizzy spells, with weakened memory, and loss of ambition, their blood is thin and watery. It shows in their yellow complexion and tired manner, soon as they commence to gain flesh they look better and sleep better. To gain from one to three lbs. of good solid flesh per week, the blood must be made rich and pure. Dr. Gunn's Blood and Nerve Tonic puts in the body the very substance that makes pure rich blood in the most direct way, and cures disease by making strength. This Tonic is in tablet form, to be taken right after meals. It enriches the blood, making force where there was faintness. For women's weakness a better remedy was never made. Sold by all Druggists for 75c. per box, or three boxes for \$2.00, by mail. Write us about your case. Address, Dr. Gunn, Philadelphia, Pa. For sale by John Boyden & Son Coalville Utah.
